

# DISCOVER YOUR PLEASURE

## Clitoris born for pleasure

- ✎ No two are alike! Each vulva and each clitoris has a different shape, color and size.
- ✎ It is our ally! Its only function is to give us pleasure.
- ✎ It is the organ that generates the orgasm in bodies with clitoris.
- ✎ It is more than a button! We can only see a small part, the glans. The rest is inside the body.
- ✎ When it is sexually stimulated it has an erection, it fills with blood and it can double its size.
- ✎ Explore your clitoris, discover your pleasure!
