ACATHI

Immigration , refugee and
cultural diversity LGBTI+

ACATHI - was conceived in 2002 in Barcelona, in the Catalan region of Spain, with the aim of explaining and showing to the Catalan society the reality of LGBTI immigrant people and directly improving their situation, guided by democratic and egalitarian principles, without distinction of any kind.

We are partners of the city council of Barcelona and the Generalitat of Catalonia as well as being part of the Reception Network of Barcelona, the Economic and Social Network of Barcelona, the Council of Immigration of Barcelona and the LGBTI Council of Barcelona. We are also connected to other NGOs and associations that work in the field of the protection of refugees, human rights and LGBTI people.
